

Community Ambassador Process

1

Make Contact

Reach out to a local school social worker/health educator about Erika's Lighthouse using one of our templates.

2

Setup A Meeting

If they are interested in learning more, setup a meeting to educate them about Erika's Lighthouse using our introductory slides.

3

Sign Them Up

If you have time, walk them through the Resource Portal Registration.

4

Leave It To Us

Erika's Lighthouse staff will reach out to speak with them about adapting the program for their classrooms.
