

## Training Module 2: Being a Trusted Peer Discussion Questions

- 1. Name two qualities of a trusted peer.
- 2. How does stigma get in the way of asking for support?
- 3. True or False? If you are worried about a peer, the best approach is to communicate the changes you have noticed, tell them that you care for them, and ask how you can help them get help.
- 4. Name two qualities of a trusted adult.
- 5. What can you say, in your own words, to a peer you are concerned about?
- 6. What is the harm in keeping someone's suicidal or self-harm feelings a secret?
