"The first thing that really helped me was empowering myself. I got involved in an organization that talked about mental health and taught people what mental health was.

It gave me a tangible way to fight back at something [depression] that was so intangible. Getting involved in things that matter to you, where you can see yourself making a difference in some way, really helped me a lot."

## 1 Understanding **Erika's Lighthouse** and Empowerment Clubs

### ABOUT ERIKA'S LIGHTHOUSE

#### **MISSION**

Erika's Lighthouse is a not-for-profit organization dedicated to educating and raising awareness about adolescent depression, encouraging good mental health, and breaking down the stigma surrounding mental health issues.

#### **VISION**

To make sure no young person feels alone in their depression. To become the leading provider of teen depression awareness programs and resources in middle school and high school communities.

#### **VALUES**

We Believe In:

##### **The Power of Programs with Impact**

We are committed to de-stigmatizing depression and providing hope for young people who have it. Our innovative, evidence-informed classroom programs do more than raise awareness; they provide a structured model for youth to thrive and survive. Making a meaningful difference in the lives of teens with depression defines all we do and who we are.

##### **The Power of Positivity**

We believe in the power of positivity – it permeates our culture through our mission statement and how we engage with students, teachers, and administrators. Positivity, knowledge, and compassion create empowerment, and empowerment drives change and hope.

##### **The Power to Change the World**

We know that empowered teens can change cultures, even deeply rooted ones. Through education, modeling, and positivity, our programs provide proven foundations for teens to create a thriving culture of compassion, support, and hope.

##### **The Power of Programs that Spread**

We are determined to make every community a beacon of hope, which is why all of our activities – from programs to engagements – are designed to be easily replicated and customizable for schools across the country, and the world.

##### **The Power of Trust and Integrity**

We deeply believe in what we do, and we believe in others. In all we do, we operate with integrity, trust, respect, and authenticity. We are resourceful, we are good stewards of the gifts we are given, and we always hold ourselves accountable. What we do truly matters.

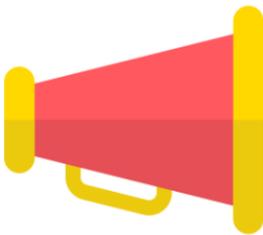

## ROLE OF EMPOWERMENT CLUBS

Empowerment Clubs are designed to create a more positive, inclusive and empathic school culture surrounding mental health. Dialogue is the best way to reduce the stigma of adolescent depression. Student-powered awareness is the most effective way to encourage communication.

When students talk, other students listen. When teens highlight the importance of learning about adolescent depression, it shows their peers that there is nothing to be ashamed of. It demonstrates that those suffering from depression don't have to hide. They can talk, they can get help, and they can live.

That's what awareness does. When it comes from other teens, it is our most powerful tool. We're proud to help students and educators start a Empowerment Club in their school, lead Awareness into Action Activities, and use their voice to *Get Depression Out of Dark*.

Empowerment Clubs are an important pillar to creating lasting cultural changes in school communities. These are opportunities for students to become leaders in their school to help:

### RAISE AWARENESS

Recognize the signs of adolescent depression. It's only a problem if it's ignored.

### BREAK STIGMA

Through campaigns, fundraisers and awareness initiatives, teens eliminate the shame and blame of depression, making it easier to get help.

### SPREAD EMPATHY

No one should be outcast because of adolescent depression.

“Getting involved with Erika’s Lighthouse was an amazing way for me and other teenagers to understand that depression was not something to be ashamed of, but rather a topic we must further discuss. Everyone deserves good mental health, and organizations like this one are giving hope to those who

need it. I will always be grateful for being a part of this organization that continues to impact many teenagers.”

*Edgar, Former Teen Empowerment Club Member,  
Rolling Meadows High School*

## 2 Recruit Your Club Champions

Recruiting your Empowerment Club Champions will be vital for your club's success. You'll need to speak with peers, teachers, social workers, counselors and the administration to secure support prior to launch. You don't need to host a kickoff just yet – but gather 3-4 classmates or students, 1-2 adult advisors and clear the club with your school administration.

### TALK TO THE SCHOOL ACTIVITIES DIRECTOR

Your first stop should be to the office of your school activities director and ask what you need to do to start a club. This person could be a school counselor, social worker, vice principal or someone else. Your school's main office should be able to direct you.

#### **What to Ask**

When learning how you get started, be sure to ask:

- What are the requirements for a club?
  - Likely items are:
    - A Mission Statement.
    - Proof that students will join (you may need to pass around a petition).
    - A club advisor (a school employee that will work with you).
- Is there a formal application I need to complete?
- What challenges can I expect to run into?

*"School was an incredibly supportive environment. I found love and peace and comfort in my teachers and coaches. I felt that I was in a safe haven within the walls of my high school, and I am incredibly grateful for that."  
Callie, Erika's Lighthouse Program Recipient*

### TALK TO CLASSMATES & STUDENTS

Once you understand how you'll need to work with the school, it is important to recruit others to help get going. Having 3-4 students join you in getting started will make the process much smoother – and more likely to succeed.

#### **How to Recruit**

When recruiting students to join the club, it will be important to share:

- Your vision for the Empowerment Club.
- Why starting an Empowerment Club is important.
- Examples of potential activities (view ideas in the Erika's Lighthouse Resource Portal).
- What support you may need from them. Early on your fellow classmates or students can help:
  - Collect petition signatures.
  - Locate a Club Advisor.

- o Complete any paperwork your school may request to start a club.
- What role they can play once the club is started.

## **FIND A CLUB ADVISOR**

After you have recruited a few fellow classmates or students, start searching for a club advisor that will champion the **Erika's Lighthouse** Empowerment Club with the school administration, educators, social workers and other adult influencers. It may be helpful to identify 2 adults that can co-advise the club and provide additional support.

### ***What to Look For***

These individuals will be helpful as you work to create lasting cultural changes within your school community. Consider asking the teacher that delivers the **Erika's Lighthouse** classroom program at your school.

Be sure that individuals who are interested in being a Club Advisor:

- Are school employees capable of advising your club?
- Have the available time to offer support and guidance (roughly 5-10 hours/month).
- Are respected by peers and willing to positively influence others.
- Can work with school administrators to keep the club in good standing.

### ***How to Recruit***

Similar to how you spoke with your classmates or students, use the same techniques to find advisor by sharing:

- Your vision for the Empowerment Club.
- Why starting an Empowerment Club is important.
- Examples of potential activities (print out ideas from the Resource Portal).
- What support you may need from them, early on your sponsor can help:
  - o Collect petition signatures.
  - o Complete any paperwork your school may request to start a club.
  - o Speak with the school administration in support of the club.
- What role they can play once the club is started.

Once a sponsor/advisor has been identified, that person, as well as you, should create an account on the Erika's Lighthouse Resource Portal.

Then you can move on to working with the school administration and registering your club with **Erika's Lighthouse**.

### **3 Cross Your ‘t’s and Dot Your ‘i’s**

You’ve completed the hard part of recruiting your school’s champions for the Empowerment Club. Now, you simply need to complete the final steps.

#### **(1) CREATE A RESOURCE PORTAL ACCOUNT**

If you haven’t already, create an account on our FREE Resource Portal to look at all the available materials for Empowerment Club resources and Awareness into Action Activities.

- 1) Go to [www.ErikasLighthouse.org](http://www.ErikasLighthouse.org).
- 2) Click on “Access Resources: Login/Register” at the top right of the page and fill out the necessary information
- 3) Review the materials.

You will have access to all the materials currently available.

#### **(2) CLEAR WITH YOUR SCHOOL ADMINISTRATION**

As previously discussed, (see Talk to Your School’s Activities Director) you should have been told the information you needed to be a recognized club at your school. At this stage you will want to complete any application the school requires, compile the necessary information and submit it for your school’s administration to review.

One requested item may be a club Mission Statement. For example, “The Erika’s Lighthouse Empowerment Club will help educate the school community about teen depression, good mental health and help destigmatize depression through various activities throughout the year.”

#### **(3) REGISTER THE CLUB**

All club advisors must register their club on the Club Registration Form and sign the club agreement included in the registration.

#### **(4) REVIEW THE MOBILIZE YOUR CLUB GUIDEBOOK**

Review the Mobilize Your Club Guidebook to see how you can create a successful, engaging and impactful club for your school. This Guidebook is available on the Resource Portal.

#### **(5) SCHEDULE YOUR ONBOARDING CALL**

Once we, Erika’s Lighthouse staff, have approved your registration, we will reach out to you and the school advisor(s) to schedule a 30-60-minute onboarding call. During this call, we will review the Empowerment Club:

- Benefits to the School
- Benefits to the Club & Club Members
- Expectations
- Mobilize Guidebook (available on the Portal)
- Next Steps
- Q & A
